## AFFAIRS IN BROOKLYN.

TO BUILD THE ERIDGE WITHIN FIVE YEARS Frederick Unimann, of the Brooklyn Elevated Rail road Company, said yesterday that the new bridge from the Eastern District to New York will be built within five years. It will probably be a cantilever. although this has not been decided. It will take sevseal months to prepare the plans, but it is expected to begin the work before the end of the year. unated cost is \$15,000,000, which includes \$10,000,-000 for the bridge proper, \$5,000,000 for the land to 8 p. o condemned, and \$2,000,000 for the elevated tructure over the approaches to the bridge. Permissio to erect the span over the East River must be se red from the Secretary of War. The new Bridge company will be incorporated in a month. The five prperators named in the bill will add four to their pumber, who will constitute the first board of directors. It is expected that the new link with the metropolls will not only benefit the Eastern District, but all the uptown wards, and the portions of Queens County adjacent to Brooklyn.

HE WAS JILTED AND SO TOOK POISON. John Kummler, twenty years old, of No. 59 North First-st., because he was jilted by his sweetheart, took anough paris green yesterday to kill four persons. Remmler was engaged to Miss Emma Letz, and they were to be married at Easter. Miss Letz learned a ow days ago that Kemmler had taken another young women to the theatre and she broke the engagement. Remailer made unsuccessful attempts to become recon-ciled to her. His landlady heard his grouns early yesterday moraling and found him writhing in agony on the floor. Kemmler was taken to the Eastern District Heapital, where he remained at the point of death

## THE MAYOR FOUND THE BILL DEFECTIVE.

Mayor Boody was ready yesterday to appoint two dditional assessors under the law recently passed by the Legislature increasing the board to twelve with the president. The bill as originally introduced pro-vided for four instead of two additional assessors, but it was amended, and the Mayor found yesterday in carefully reading its provisions that in one place the bill mentioned twelve assessors and in another fourteen. The Mayor said that the intention was to provide for two instead of four additional assessors, and as they were charged with important duties there should be no question of the legality of the appointments. In order to obviate any question of this sor the bill will be sent back to Albany to be corrected.

THE POLICE THINK THAT SHE MAY HAVE MET FOUL PLAY.

A woman who called herself Belle Irving and lived for two years in a flat on the second floor of the house No. 242 West Thirty-fifth-st., died on Wednesday in the New-York Hospital from a fracture of the of William Caswell Little, applied to Surrogate Abhoft skull. The police who were making an investigation yesterday thought there was some mystery connected with the injury. She was found in the rear yard of the flat house early on Wednesday morning. Apparently she had fallen out of an open window in the night time. She was insensible and remained so until her death. Persons who knew her in the flat house said she had been kelined to drunken Mrs. Eva Kronitz, twenty-five years old, who took was not unlikely that she had fallen out of a was not unlikely that she had been she was not unlikely that she had been she was intoxicated. ## CROKER AND THE TELEPHONES.

THE SUBSCRIBERS HAVE BEEN MISLED.

ASSURED BY THE BOSS THAT THEIR BILL WOULD BE INTRODUCED-THE MEASURE SENT BACK. HOWEVER, BY HAGAN AND MARTIN.

The efforts of the Telephone Subscribers' Association to obtain the support of the Democratic "bosses for the bill to regulate telephone charges in New-York and Erooklyn have come to naught, although the association, some time ago that he considered the measure a good one, and would have it introduced in the Legislature by the Schutor and the Assem blyman from his own district. Thus etwo statesmen have evidently received different instructions, for yesterday they both returned to the office of the Subscribers' Association the copies of the bills sent to them by Mr. Croker, Assemblyman D. F. Martin The bill would be considered a "strike." I there

Senator E. P. Hogan wrote a letter explaining his

Secretary Gardner was asked yesterday what the

We shall get some Republican to introduce the will," he replied. "We could have done that before, of course, but we wanted to have it made a Democratic measure so that there would be no partisan o ection to it. Evidently the big campaign contributions of the telephone companies have proved too elo sisted, so they have thrown us over. We shall now go before his constituents with that record. If Mr. Croker and Mr. Murphy don't want to let the Lerislature pass our bill, why then all we can do is to see to it that the next Lerislature is not one that they can control. We whipped the gas companies of New York and all their money in such a fight, and we think that only time is required to bring the telephone people to terms. The public will not stand extortion forever.

# Three Reasons for Using Cleveland's Baking Powder

It is beyond question perfectly wholesome, being composed only of pure cream of tartar and soda, with enough flour added to keep the strength, no ammonia, no alum, no adulteration whatever.

It is the strongest. A rounded teaspoonful of Cleveland's Baking Powder does more and better work than a heaping teaspoonful A large saving on a year's baking.

Cake and other articles of food keep moist and fresh and do not dry up as when made with baking powders containing ammonia or alum.
